Thank you for supporting your student as they apply to be a Leap Year Fellow! Leap Year is a yearlong program that helps first generation students get into and succeed in college. There is no fee for student participation; in fact, students will receive a small stipend to help support themselves during the year. If accepted, over the next year, your student will meet with us Monday through Friday working on college applications, community service, ACT tutoring, and career exploration. In order for your student to successfully complete our program and start college in the Fall of 2020, they will need your engagement, support, and encouragement.

Please initial each statement below to ensure that if your student is accepted into the program, you understand what is expected of them and are willing to support them throughout the process:

_____ I understand that if my student is accepted as a Leap Year Fellow, it is a yearlong program that operates Monday through Friday helping students get into and succeed in college.

_____ I understand that students are expected to arrive on time daily and come prepared to fully engage in the program during the entire year, and if my student has frequent tardiness or absences during the program, it may result in their removal from the program.

_____ I understand that in order for my student to apply for college and be eligible for scholarships and financial aid, I am required to help them complete the Free Application for Federal Student Aid (FAFSA).

_____ I understand that in order to complete my portion of the FAFSA, I will need to gather and share sensitive information (such as my social security number, wages, tax history, etc).

_____ I understand that in order for my student to be successful in the program, I will need to be engaged in the process by attending at least two in-person meetings during the year with Leap Year staff, and progress/check-in phone calls as needed.
